

Activity 1

23 Skadoo

Written & Illustrated by
Bill Greenberg

Oh how Iggy loves jazz. *Skoo-be-do-be dooooo!* When he went up to one of the hep-cat boogie-woogie groovin'-and-a-movin' jazz guys and asked, "Can I play?" The drummer said, "NO! 23 skadoo – bye." Iggy needs a *jazz horn*; or a *bike horn*; or a *cow horn*; or a *horned toad*?

Iggy loved playing jazz music. What do you love to do? Try this activity to find out. Could you write a story about any of these?

- * Write down 20 things that you love to do (fewer things for younger children):
 - * Circle the ones that you can do by yourself.
 - * Put a box around the ones that you have to do with other people.
 - * Draw a star over the ones you wish you were doing right now.
 - * Draw a cloud over the ones that are free.
 - * Draw a dollar sign (\$) over the ones that cost money.
 - * Underline the ones that could turn into a job someday.
 - * Color the ones (with a crayon or marker) that you are already really good at.
