

Activity 3

**Bully Bubbles**

Written & Illustrated by  
Bill Greenberg

WOW! YEA! For our party we are having cheese-pepperoni-mustard-mayonnaise-ant-cockroach-squishy-caterpillar-pickle pizza! The classroom bully is trying to ruin Mr. Deejee's (d.o.g.'s) invisible party: shhlurrrrrp!  
– But what can Iggy do to stop the bullying?

Let your imagination create a Bully Bubbles Part 2 story. The questions below may help you make up your own story to tell what happens after the “best invisible party ever!”

- \* How do the animals come back to earth after floating up in the air?
- \* How long do they stay invisible?
- \* Did the bully stay mean or begin to be nice?
- \* How would the teacher explain the missing students if they don't come back?
- \* What other questions do you have about what could happen next?
